PES MANAGEMENT TEAM

Executive Director

Maureen Thompson

Associate Executive Director

Jessica Widing

Association Manager

George B. Degnon

Dear Colleagues and Friends,

On behalf of the Pediatric Endocrine Society, I am delighted to extend a very sincere welcome and invitation for you to join us for the 2022 Virtual Annual Meeting and 50th anniversary celebration of the PES which will take place from April 28 – May 1, 2022.

This meeting will be devoted to Pediatric Endocrinology and will feature a stunning array of plenary lectures, symposia, meet-the-professor sessions, Doc-in-a-Box sessions and more. We look forward to bringing together an impressive number of clinicians, researchers, and trainees virtually for an invigorating exchange of ideas and new knowledge that spans the breadth of our diverse specialty. We would be honored to have your company participate in what promises to be an intellectually stimulating and exciting event!

Building on the success of last year's first-ever Virtual Annual Meeting, attendees will be able to experience sessions in real time as they will be live streamed along with live Q&A. Additionally, the meeting registration will include the Annual Meeting Recording package, to encourage registrants to revisit the meeting platform to watch and re-watch sessions at their convenience for several months.

As an exhibitor, you will have the opportunity to share the latest advances in product development and have personal interactions with scores of providers and investigators in all areas of general pediatric endocrinology and diabetology. A multitude of additional sponsorship possibilities exists that will allow you to tailor your level of engagement to whatever best suits your company's priorities and needs! We hope to "see" you there!

Sincerely,

Sharon Oberfield, MD
PES President 2021-2022

Who We Are

The PES has over 1,600 members representing the multiple disciplines of **Pediatric Endocrinology**.

The members are dedicated to research and treatment of children with endocrine disorders: reproductive, bone, thyroid, diabetes, obesity, growth, pituitary and adrenal. The Society works to promote the continuing education of its membership.

Mission				
To advance and promote the endocrine health and well-being of children and adolescents.				
Vision				
To be the professional home and voice of pediatric endocrinology in North America.				
Goals				
Knowledge	Collaboration and Leadership	Member Value	Advocacy	Society Strength
Improving care through teaching, discovery and dissemination of knowledge.	Expanding impact and value of the Society through strategic partnerships.	Providing opportunities for professional growth and practice development.	Advocating for the needs of Society members, patients and families.	Optimizing Society strength through membership and leadership.

45% of members from Academia, with the rest from private practice, government, industry and more.

74% of Board Certified Pediatric Endocrinologists are members.

An opportunity to be recognized for showcasing the talent of PES members at this emceed evening event. Branding recognition of your support for the talent show, recognition on the sponsorship page in the platform, and opportunity to introduce the emcee and participate/view the show.

Custom Sponsorships

Don't see anything here that is an exact fit for what you're looking for? Let us work with you to customize a sponsorship tailored to meet your needs and marketing objectives. For additional information on these options, please contact Maureen Thompson at Maureen@degnon.org.

Sponsorship Listings

On most Conference materials, sponsors will be listed alphabetically by support level.

Registration

All representatives of sponsoring companies wishing to attend the educational sessions of the Annual Meeting must register (unless this is a benefit of sponsorship support level).

Sponsorship Questions

Questions and inquiries relating to all sponsorships should be directed to Maureen Thompson at 703-718-6014 or via e-mail at Maureen@Degnon.org.
