

2026
April 30 – May 3
San Francisco, CA
PES ANNUAL MEETING

PES 2026 Poster Presentation Guidelines

Formatting Your Poster

- Keep text **concise** with brief captions—your poster should be self-explanatory, allowing you to engage in discussion during the session.
- **Layout:** Posters must be **landscape (horizontal) format**.
- **Title & Authors:** Display the title and all authors at the top in large, clear text.
- **Readability:** Ensure all content is readable from at least three feet away.
- Use a font size of at least **22 pt (3/8” high)** for clarity.
- **Bold text** is recommended for improved legibility.
- Use **dark text** (preferably block-style) on a light background (white is recommended).
- **Guide the viewer** using arrows, numbers, or other markers to indicate the preferred reading sequence.
- Charts, drawings, and illustrations should be **clear and professional**, similar to PowerPoint slide graphics.
- **Photographs:** Use images with a **matte or dull finish** to reduce glare.
- **Contact Information:** Clearly print **one email address** on your poster so attendees can reach out if you are unavailable. If you prefer not to use your own email, list an alternative contact.

Commercial Material Policy

- PES aims to **minimize commercial bias** in poster presentations. Posters should **not** contain:
 - Commercial logos, company names, or proprietary drug/brand names.
 - Only **cooperative group, hospital, and non-profit organization logos** are permitted.

Abstract Publication

- Your abstract will be published **exactly as submitted** in the journal *Hormone Research in Paediatrics* and in the **conference Whova app**. Edits cannot be made after submission.

Printing & Display Guidelines

- **Maximum Poster Size: 47 inches high x 95 inches wide** (120 cm x 240 cm). Posters must not exceed this size.
- **Format: Landscape (horizontal) orientation only.**
- **Poster Materials:** Posters may be printed as **one large sheet (rollup) or in sections.**
 - Avoid mounting illustrations on heavy cardboard, as they may be difficult to secure.
- **Charts & Graphics:** Ensure charts, graphs, and images are **high-quality and easy to read.**
- **Photographs:** Use **matte or dull-finish photos** to prevent glare.

During the Meeting

- The **presenting author (or a designated representative) must be present** during the assigned poster session.
- Check your **poster number and session date** in your notification email.
- **Pushpins** will be provided onsite for hanging posters.
- **Do NOT use** glue, tape, paint, or staples on the poster boards.
- **Handouts:** You may provide printed copies of your poster for distribution. You are responsible for all printing and distribution.
- **Poster Removal:** Posters must be taken down at the end of your scheduled session.
